

# KEVAL SHAH

## COMPUTER ENGINEERING STUDENT

AI & MACHINE LEARNING ENTHUSIAST | FULL STACK DEVELOPER | DATA ANALYST

+91 9825444360

kas07.tdec@gmail.com

github.com/kas07tdec-sudo/AI-Impact-on-Students

Surat, Gujarat, India

### EDUCATION

#### Diploma in Computer Engineering

Tapi Diploma Engineering College

Surat, Gujarat

2022 – 2025

CGPA: 7.8 / 10

#### Bachelor of Engineering (B.E.)

(Pursuing – Lateral Entry 2nd Year)

Computer Engineering

(Planned for 2027)

### TECHNICAL SKILLS

|                 |                                                        |
|-----------------|--------------------------------------------------------|
| Languages       | : Python, Java, C, SQL, JavaScript                     |
| Web Development | : HTML, CSS, JavaScript, React.js, Node.js, Express.js |
| Databases       | : MySQL, MongoDB                                       |
| AI / ML         | : Scikit-learn, Pandas, NumPy, Matplotlib, Seaborn     |
| Data Tools      | : Power BI, Excel, Tableau                             |
| Others          | : Git, GitHub, VS Code, Jupyter Notebook, Postman      |

### CERTIFICATIONS

- Data Analytics Consulting Virtual Internship – Deloitte
- Software Engineering Virtual Experience – JPMorgan Chase & Co.
- Investment Banking Virtual Experience – Third Bridge
- Certified Data Intelligence Analyst – CDIAC
- Full Stack Web Development – EasySkill
- AI/ML Virtual Internship – Springpod

### LANGUAGES

- English – Professional Working Proficiency
- Gujarati – Native Proficiency
- Hindi – Professional Working Proficiency

### SOFT SKILLS

- Problem Solving
- Analytical Thinking
- Team Collaboration
- Communication
- Time Management
- Adaptability

### PROFESSIONAL SUMMARY

Enthusiastic and detail-oriented Computer Engineering student with a strong foundation in AI, Machine Learning, Full Stack Development, and Data Analytics. Experienced in building real-world projects and Power BI dashboards that transform data into actionable insights. Passionate about solving real-world problems using technology and continuously learning advanced tools and frameworks.

### INTERNSHIP EXPERIENCE

AI Intern – CDIAC (Computer Development Institute, Ahmedabad)

Oct 2024 – Nov 2024

- Completed hands-on training in Artificial Intelligence and Machine Learning.
- Worked on real-world datasets to build prediction models and analyze results.
- Gained practical experience in Python, Data Analysis, and ML algorithms.
- Collaborated with mentors on capstone projects and implemented solutions.

### PROJECTS

Impact of AI on Students – Power BI Dashboard

Jan 2025

- Developed an interactive Power BI dashboard to analyze the impact of AI on students.
- Visualized insights on AI usage, academic performance, productivity, and learning trends.
- Used charts, KPI cards, slicers, and filters for dynamic data exploration.
- Tools: Power BI, Excel, Data Cleaning, Data Modeling, DAX.

AI Resume Analyzer (Machine Learning)

Nov 2024

- Built an AI-powered tool to analyze and score resumes based on job descriptions.
- Implemented NLP techniques to extract skills and match job requirements.
- Improved recruitment efficiency by ranking resumes using ML algorithms.
- Tools: Python, Scikit-learn, Pandas, Regex, Streamlit.

Personal Portfolio Website

Feb 2025

- Designed and developed a responsive personal portfolio website.
- Showcases projects, dashboards, skills, certifications, and contact information.
- Built using HTML, CSS, JavaScript, and deployed on GitHub Pages.
- Tools: HTML, CSS, JavaScript, GitHub Pages.

### DASHBOARD GALLERY PROJECT

- Created multiple interactive dashboards to derive meaningful insights.
- Dashboards include: Executive Dashboard, Student Performance Dashboard, AI Usage Analysis, Interactive Insights Dashboard.
- Focus on data cleaning, transformation, modeling, and visualization.
- Tools: Power BI, Excel, DAX, Power Query.

### ACHIEVEMENTS

- Completed multiple virtual internships from Deloitte, JPMorgan Chase, Third Bridge, CDIAC, EasySkill, and Springpod.
- Built end-to-end ML and Data Analytics projects solving real-world problems.
- Actively contributing to projects on GitHub and continuously learning new technologies.

### EXTRACURRICULAR ACTIVITIES

- Actively participate in tech events, hackathons, and coding challenges.
- Love exploring new technologies and building innovative projects.
- Enjoy sharing knowledge and helping peers in projects and assignments.
